

Welcome!

Mass Energy Insight – Training Session 3:
Basic Reports

Introductions

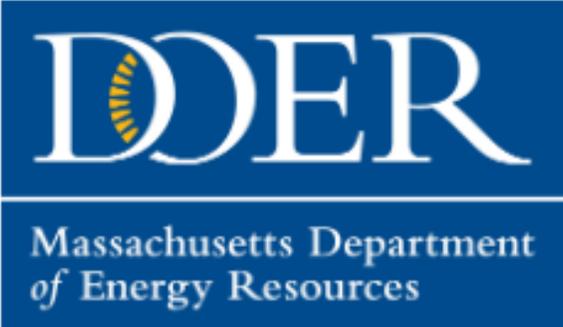

Presenters:

- Mary Kraus – Clean Energy Extension (CEE)
- Dugan Becker – CEE

Additional Facilitators / Resource People:

- John Snell – CEE Consultant
- Joanne Bissetta – Department of Energy Resources (DOER)
- Chelsea Kehne – DOER
- Gamaliel Lodge – Optimiser
- Devon Lukas – CEE

Who We Are

What you will learn:

- An overview of MEI reports and how to access them
- General principles for navigating within reports
- How to use several of the most essential reports

MEI Reports

General Reports

→	Baseline
	Overall Use, Emissions and Cost Dashboard
	Emissions Over Time
	Baseline - Weather Normalized
→	Use and Cost Table
	Annual Usage Patterns - Town
	Town Trend Dashboard
	Use and Cost This Year to Last

Completeness Reports

→	Setup Completeness Dashboard
→	Data Loaded - Overview
→	Data Loaded - Detail

Building-Specific Reports

Weather Normalized Building Use
Weather Normalized Building EUI
Buildings to Target
Building Benchmarks
Building Dashboard

Monitoring Reports

Monitoring Use Dashboard
Monitoring Cost Dashboard
Bill Alerts

ESCO Reports

ESCO Report - Annual Data
ESCO Report - Monthly Data
ESCO Report - Building Level Usage (MMBTU)

Green Communities Tables

→	Table 2
→	Energy Reduction Table 3 (Fuel Units)
→	Energy Reduction Table 3 (MMBTU)
